Stop Cruel Battery Hen Farming. **SAFE petition. Christchurch: SAFE, 2004.**

STOP CRUEL BATTERY HEN FARMING

TO SUPERMARKET CHAINS

Progressive Enterprises and Foodstuffs

We, the undersigned, call on your supermarkets to **immediately stop selling eggs from Mainland Poultry**, New Zealand's largest producer of cruel battery hen eggs.

We further ask you to **remove all battery eggs from your shelves** within 18 months so the next generation of egg laying hens do not have to endure this needless suffering. In the meantime, please stop confusing your consumers with misleading labelling such as "Farm Fresh" and instead **use labels stating** "Battery Cage Eggs".
